POLISHED

Experience the epitome of elegance with our polished tiles. Crafted to perfection, these tiles feature a luminous shine achieved through precision abrasives and a nano coating. They're not just tiles; they're radiant pieces of art.

Perfect for marble, onyx, and even the trendiest stone and cement collections, they redefine luxury under your showroom's spotlight.

HIGHGLOSS

In the quest for opulence, look no further than our High Gloss tiles.

Their mirror-like shine, achieved through a special glaze, is a must for creating pitch-black tiles and dark-colored marble or stone looks.

These tiles are the embodiment of luxury, and your showroom will exude glamour.

POLISHED CARVING

Experience the unexpected with Polished carving. It's a bold twist on 3D Carved.

With a glossy base and matte depths,
these tiles offer a stunning contrast that's truly avant-garde.

It's a design possibility that's rare and remarkable.

ROYAL

Explore the next level of authenticity with our Royal finish.
It is neither polished nor matt.

The glazing is done by digital ink which gives a soft satin
like touch & feel but there is no shine on the surface.
The depth of the design and colors come out more real than ever.

GLOSSY

Turn walls into canvases of brilliance with our glossy tiles.
They require no polishing; the glossy glaze itself brings rooms to life.

For ceramic wall tiles and the timeless subway tile,
this surface choice is the essence of sophistication.

3D CARVED

Innovation takes center stage with our 3D Carved tiles. They're the embodiment of shine and depth, strategically placed to enhance veins, decor lines, and grains.

Elevate your marble, cement, wood, and more into living works of art. Your showroom will never be the same again.

ROYAL+

Add a touch of the avant-garde with our Royal+ tiles.
They feature patches of glossy digital inks,
shimmering on the base of royal surface.

It's a unique and contemporary choice that sparks curiosity and creativity.

MATT

The quintessential choice that stands the test of time - our matte finish.
It's a household name in the tile industry, known for its versatility and enduring appeal.
Every tile showroom should feature this timeless classic.

R10 ANTISLIP

Safety meets style with our R10 anti-slip matte finish. These tiles are designed for the outdoors, bathrooms, and commercial floorings providing secure footing without compromising aesthetics.

They're not just practical; but as natural as matt finish.
You have to feel it believe it.

DUNE

Venture into the granular world of Dune.
These tiles possess a tactile quality achieved through a special glaze,
providing an authentic stone-like experience.

It's like having a piece of nature in your showroom,
with a palette of color possibilities that defy convention.

NEBULA MATT

Dive into the depths of design with Nebula Matt.

Dark marbles and rich stone looks come to life with intense digital inks and a special glaze.

These tiles are designed to make a statement, turning every space into a masterpiece of drama and elegance.

DUAL QC SYSTEM

All of TIEIC's products goes through two QC check, First is during the production & Second is after 48 hours of the production to ensure the total inspection of all the products which are dispatched from our factories.

Here is the non exhaustive list of QC Parameters we check for every order:

- > Color Matching
- > Surface Flatness
- > Strength of Tile
- > Water Absorption
- > Shade Variation
- > Deviation in Length & Width
- > Marker Test
- > Glossiness
- > Other Surface Related Problems

The background of the entire image is a marble pattern. The top half features a white-to-grey gradient with intricate, web-like grey veins. The bottom half features a white-to-gold gradient with similar intricate, web-like gold veins. A dark blue rectangular box is centered over the image, containing text.

ICE

*Inspired by the Invisible marble of Turkey,
offering a white-grey backdrop with captivating web-like grey veining.
However our client's favorite is the secondary variant with rich gold veining!*

The background of the entire page is a detailed, high-resolution image of Onyx Emerald stone. It features a complex, organic pattern with swirling, cloud-like textures in shades of light blue, white, and grey. Interspersed throughout are thin, irregular veins of rust-brown and gold. The overall appearance is reminiscent of natural mineral formations or abstract art.

ONYX EMERALD

*Experience the abstract allure of Onyx Emerald series,
featuring cloud-like patterns and occasional
rust-brown veins on a white and blue base.*
